Governing body of Institute exercises general supervision of all academic, administrative and financial affairs of the college. a core committee named CDC (College Development Committee) is formulated which includes three management representatives, one faculty among head of the Departments, one staff representative and one non- teaching staff representatives. CDC acts as a link between Management and college. Meetings of CDC are held regularly to discuss matters related to development of students, faculty members and college. Further for smooth conduction of academics and administration, the college have nominated a senior faculty as faculty incharge for each faculties in the college who are working the bridge between faculties of different departments and Principal/ Governing body. Similarly, college have constituted different committees to look after different academic, curricular and co-curricular activities. For example - the college has a purchase committee, which looks after the decision of purchases related to upgradation of infrastructure in which every faculty members as well as heads various departments are involved. Regular meetings are held with governing body and principal where the committee proposes the budget for purchase of equipment, library books and other allied items. List of all items as decided by HODs later put forward. For purchase of every item, needs approval from purchase committee. Quotations are taken from different dealers' comparative statement was prepared and forwarded to Principal. The principal forwards this to Management for final approval. In this way, the college has practice of all decisions originating from the lower-level bodies and their screening and evaluation by higher level bodies thus manifesting principles decentralization of authority. Participative Management: The culture of participative management is achieved through the committees operating at strategic level (Governing board, CDC and Principal), Functional level (HODs) and operation (Faculty and students) levels of management. Stakeholders at all levels have opportunity to contribute his/her innovative ideas leading towards achievement excellence. The committee initiates by planning annual calendar of events. He students are regulating all activities. Such ambiance is created where students come forward with innovative ideas. • The Head of the Departments oversees the Teaching Plans of his/her departmental members. • HOD is empowered to make adjustment in the routine to allot teaching assignments and evaluation duties. HOD often takes the lead in planning different departmental activities. And have liberty to introduce creative innovative measures for the benefit of students. • The Head has flexibility to introduce new components of syllabus Enhancement/Vocational Courses youth festival, AVISHKAR etc. • The Head, in consultation with departmental teachers enjoys total flexibility in planning and organizing seminars or other activities for students benefit. The context: Shirala Tahasil is established in rural and hilly area. Since, its existence we face number of problems and issues. The problems like illiteracy, superstitions, early marriages, child marriage, illiteracy of girls and traditional farming culture etc. one of the severe problems is superstitions. Due to this, our society and even learners have faced number of difficulties in the way of getting higher education. Especially the girls of various families were deprived of higher education. The lower education and illiteracy of parents affect the education to their children. And ultimately, they were away from the value based education and activities. The NSS, Cultural department, ANIS, Samajwadi Prabodhini, Vidrohi Sanskrutik Chalwal and Vivekvahini in the college organize various programmes/activities every year. These programmes / activities are well planned and properly implemented. All these programmes highlight the contextual issues that needed to be addressed even in the future. 4 The Practice: Along with the NSS, Cultural department, ANIS, Samajwadi Prabodhini, Vidrohi Sanskrutik Chalwal and Vivekvahini the other faculty members participate in this best practice. activities. The performance against the targets has been recorded in the form of spot photographs of the events. The local participants and our students actively take part to carry out the specific value based co and extracurricular activity. Despite of adverse social conditions and non- availability of modern resources of learning the women have been increasing immensely towards their higher education. However, the maximum girls in the institution need the basic knowledge of the issues like – career, various skills for their employment, their own protection, their training, social injustice to them. Eg. Suppression and exploitation of women in the society . the Committees like Mahila Manch, Sexual harassment prevention committee pay attention towards the programmes in which maximum girls are benefited. 2.The practice: The concerned committees like Mahila Munch and Sexual harassment prevention committee plan the activities in the beginning of every year. These committee members including senior faculty members start their work with the proper plan. The notices are drawn before the activity. All girls are intimated properly and guided by the reputed personalities in the fields like Law, Sports, Culture, Medicine, Political field, Police etc. The girls are properly motivated towards the chosen programme of their empowerment. Throughout the academic year they are guided and sensitized towards their career guidance, knowledge of Law, Sports and Cultural activities hygienic conditions. With the celebration of birth anniversaries of the great social worker, Savitribai Phule, the women get an importance of 'Girl Education System' in the society. Along with the empowerment programmes, the festivals like Gouri Arrival, Saree Day and Women's Day etc. are arranged with the support of institution. 3.Evidence of Success: The yearly growth in the total figure of girls in the institution shows the success of the academic programmes in the institution. Besides, the majority of the girls in the classes of degrees Arts, Commerce and Science can be supposed as the proper development and empowerment of girls in the various fields of learning. Our girl's students' have achieved considerable success in the various fields such as – administration, teaching, Law, Govt. and non-Govt. services and private sectors. 4.Problems Encountered: The implementation of this practice however, was not an easy task. The organizers some times, faced many infrastructural and technical problems like- non availability of Hall due to the academic classes in the specific time. The girls from remote area villages cannot attend the activity fixed by the committee due to the problem of travelling facility in time. The private vehicles, sometimes, are late and as a result some of our students can remain absent.

The Parents, Alumni of the institution have imparted different values even in their children who have been present students/learners of our institution. by keeping the positive vision- (Aharnish Sevamahe),the institution continuously imparting higher education to the students from hilly and drought prone area of Sangli district of Maharashtra. One of the notable points is that the institution has been playing the pivotal role to motivate women education. Number of girl students have benefitted by the higher education that is connected to the value based education. The departments like Microbiology, Zoology and Botany have contributed immensely to find out the problems of soil, water and crops of the farmers. The common people along with the farmers are in touch with the faculty members of the institution. The experts in the department directly connected with these people and solve their problems like-Water and Soil Analysis. The issue of self-employment of girls is also considered seriously.
